\$315,000

A rare opportunity to own two lots totaling 10.6 acres in sought-after West Stockbridge. Accessed by a shared driveway, the parcels offer flexibility for a private compound or two thoughtfully sited homes. Mowed walking paths wind through groves of mature trees and the partially cleared landscape, creating a peaceful setting with a natural balance of privacy and usable space. The property benefits from excellent southern exposure, well-suited for passive solar design and improved energy efficiency. Preliminary plans for a single home are available to help bring your vision to life. Ideally located just minutes from Tanglewood and close to downtown Lenox and West Stockbridge.
