6 Bedrooms | 4 Bathrooms | 4,188 Sqft

Originally built with classic 19th century detail, this 6 bedroom, 3.5 bath Colonial/Victorian has been thoughtfully expanded and renovated, carefully embellishing its original character with today's sought-after conveniences. Elegantly spacious rooms with high ceilings and tall windows lead to the well-designed kitchen, where you'll find 2 copper sinks, Wolf double ovens, pot filler, warming drawer, built-in Miele coffee maker, and even a dumb waiter! In addition, a large sunroom was added, with radiant floor heat for year-round enjoyment. Other modern upgrades include a sophisticated central A/C system, back-up generator, and water filtration system. Most recently a gorgeous, heated in-ground pool was installed on your private 2.35 acres. Historically named "Hilltop," this gracious home is perched on a knoll overlooking the quaint village of West Stockbridge with its intriguing shops, cafes, restaurants and convenient deli/grocery store. Walk to Card Lake. And there's an extra bonus; town water, and town sewer.
