Step back to a simpler time and experience the magic of this vintage Queechy Lake cottage. Built in 1920, this home has been carefully updated and winterized, while retaining its original charm. The one-acre setting offers rare peace and privacy with room to grow. Sitting on the cozy front porch feels like being in a tree house. This 4-season home features hardwood floors, a great room with cathedral ceiling, kitchen with dishwasher and washer & dryer, two bedrooms, and one bath. A sweet shed stores your kayak and bike. Located just a short walk from the water's edge, the property includes deeded access to the waterfront for fishing and boating. Join the Adams Point Beach Club for a lifeguard-protected beach and swim lessons for the kids. The cottage is ideally located 15 minutes from Tanglewood Music Festival, and an easy drive to Berkshire attractions including hiking trails, Mass MOCA, Clark Art Institute, Jacob's Pillow, fine dining, regional theater and two ski resorts.
