4 Bedrooms | 5 Bathrooms | 4,702 Sqft

Set on 30 private acres bordering Beartown State Forest, this exceptional Berkshire estate offers a rare combination of timeless farmhouse architecture, refined craftsmanship, and complete privacy. Built in 2018, the 4,700-square-foot residence is thoughtfully designed to blend seamlessly into its surroundings, creating a home that feels both elegant and deeply connected to the landscape. Filled with natural light and beautifully proportioned throughout, the home offers four bedrooms, five bathrooms, and inviting spaces designed for both everyday living and effortless entertaining. At the heart of the home, the chef's kitchen features Vermont Danby marble countertops, a spacious pantry, and an inviting breakfast nook that opens to the surrounding gathering spaces. The grounds are equally impressive. A heated gunite pool and spa are perfectly positioned within sweeping lawns and open fields, creating a private resort-like setting. Stone walls, spring-fed ponds, established gardens, and miles of private trails enhance the property's natural beauty, while an old horse barn perched at the edge of the meadow adds character and a sense of history. Despite its remarkable seclusion, the property is just 15 minutes from the shops, restaurants, and cultural attractions that make the Berkshires one of New England's most sought-after
